Kernel

Zarinkhandan provides a wide range of fresh, consistent Pistachio Kernel varieties and forms to fulfill your specific requirements and applications.

Regular (red) Kernel:

Fandoghi Whole Kernel from 100% CS Pistachio

Akbari Whole Kernel from 100% CS Pistachio

Sliced kernel

Granola

Early Picked Pistachio kernel

Green Peeled Pistachio

Pistachios are obtained through the harvest of unripe pistachios, when the kernel is not yet yellowed. The green seeds are then sun-dried and shelled. The seeds are then dipped in boiling water and the outer layers removed. The kernels can then be sorted according to their greenness, with a premium to be paid for the most intensely green hues.

There are a number of green hues considered by commercial buyers of green kernel pistachios. These are called **Grade "S"**, **Grade "A"**, **Grade "B"**, **Grade "C"**, **Grade "D"**, **Split Green**, and **Split Light Green**, in descending order of intensity, respectively.
